

With bintec on the cutting edge

Trade In bintec RXL – get profitable price advantages!

Easily earn money by improving the network infrastructure of your customers. Just make your customers swap their old appliances* now at special conditions to the increasingly powerful new devices **bintec RXL12100** or **bintec RXL12500** and **get 20% discount**.

* Valid for all bintec Router/Gateways of the series X4000, X4x00, R4x00, X8500, VPN100, VPN1000 and VPN250 as well as comparable product series of other VPN concentrators

Promotion period until: 29.02.2012

Handling:

Complete the bonus registration form. Send this document with a copy of the distributor invoice for the bintec RXL devices to fax no: +49 (0)911 9673 3 3433.

Afterwards you'll receive a credit note for the relevant bonus amount on the account stated above.

1. the refund is 20% on the prices stated on your distributor invoice (RRP less if so granted rebates)
2. old devices can only be claimed for discounting in proportion 1:1 (according to qty.) for the new devices **bintec RXL12100** or **bintec RXL12500**. By signing this document you warrant the real and appropriate disposal of the particular old devices. This has to be confirmed by your customer by a destruction declaration stating the serial no. of the old device and his signature. FEC reserves the right of random check of the correct and proper disposal.
3. Settlement by credit note at the buyers account according to the record fax with the corresponding copy of the distribution invoice and the completed bonus-registration-form.

Please ask your distributor or FEC contact (sales.international@funkwerk-ec.com) whether your product belongs to the relevant third-party-products for this Trade In promotion.

This promotion cannot be combined with other project prices

Attached you will find some information about the bintec RXL series and a flyer of the promotion. Please feel free to use this flyer to inform your customers.
